How to Prepare Your Home for Spring

By CUContent

Winter is on its way out, so spring's on its way in. That means it's time to stop hibernating and get your home ready for the season! Here's how to do that in just five easy steps:

Step 1: Clean your yard Rake up all leaves, loose twigs and anything else your yard has collected over the winter. If you own a mulching mower, you can shred the leaves and allow them to compost on your lawn.

Step 2: Prep your grass and other plants and trees Prune all dead and diseased branches from trees and shrubs. Pull up weeds and crabgrass, making sure to get the entire root. Fertilize and seed your lawn to promote new, healthy roots and strong grass growth.

Step 3: Clear your gutters Clogged gutters can cause big-time damage to your home. After a long winter, your gutters may be full of leaves, twigs and other debris. Use a gloved hand to clear your gutters of all objects and then flush the gutters with a running hose. This will also help you find any leaks that need to be repaired. Remember to be super careful when using ladders!

Step 4: Clean the exterior of your home If you own a pressure washer and already have the specialized cleaning solution to use with it, you're ready to go. Otherwise, you can rent a pressure washer from a home improvement store, like Lowe's or Home Depot, and buy the cleaning solution there as well. Load the washer with the solution

and clean the outside of your home using slow movements. Let the solution rest for a few minutes, and then rinse it using the washer or a garden hose.

Step 5: Prepare your A/C units Make sure your home is ready to handle the heat by inspecting your A/C units early in the season. Check your outdoor unit panels, removing all leaves, twigs and other debris that may have accumulated over the winter. Also check the interior of the unit to be sure it's clear of any debris that may have blown inside. Finally, it's a good idea to change your HVAC system's air filter before you turn it on for the new season. Your home is ready for the new season! Have a wonderful spring.

Credit Union Partner's **Helping Hands Foundation**

Now Accepting Applications!

The Credit Union Partner's Helping Hands Foundation (CUPHHF) is a partnership between Alabama Teachers Credit Union and Family Savings Credit Union. The foundation's purpose is to increase the overall impact of our credit unions by helping others in the communities we serve. The Community Foundation of Northeast Alabama will be managing the CUPHHF, accepting online applications and distributing funds from CUPHHF. Decisions for donation requests will be based on an application scoring system established by the CUPHHF. The foundation will operate with an advisory committee made up of representatives from both credit unions and will follow eligibility and funding requirements outlined below.

AREAS OF FUNDING INCLUDE:

- Home repair that corrects a health hazard
- Home repair that assists individuals with disabilities
- Immediate food or shelter need not met by any other agency
- Immediate health care need not met by any other agency

ELIGIBILITY REQUIREMENTS; ALL REQUIREMENTS MUST BE MET:

- Live in an area served by one of the two credit unions
- Are either over 60, or disabled or low income or handicapped, and
- Have an immediate need due to a local disaster, emergency or have an unmet need

To inquire or to apply for funding, please visit The Community Foundation of Northeast Alabama at yourcommunityfirst.org and search for Credit Union Partner's Helping Hands Foundation or call 256-231-5160.
